English Abstract

Systems and methods related to performing currency exchange are presented. Through the establishment of "exchange shares" [101], embodiments allow for the execution of currency exchange using existing stock markets, and more specifically market markers [103].

Detailed Description

System and Method for Stock Exchange Listed Foreign Exchange

Background Information

Currency exchange is one of the largest financial services markets with transactions averaging \$1.5 trillion per day. Currency exchange may be performed for a variety of reasons.

For example, an American retailer may need...an appropriate amount of U.S. Dollars for Yen. Even if the retailer pays in Dollars, currency exchange is likely as the Japanese company will likely wish to exchange at least some of the received U.S. Dollars for Japanese Yen. In a likewise manner, currency exchange is necessary when a company purchases supplies or components from a foreign entity. Because of...
